Benefits Of Paint Protection Film:

SECURA PPF© Paint Protection Film is the best way to protect the showroom quality finish on your car. The virtually invisible film will keep your car looking newer and longer, without changing the design features or color, by protecting vulnerable areas such as front bumpers, hoods, side mirrors, door handle cavities

Anti-static property

Scratch resistance

Chemical & heat resistance

Easy maintenance

Hydrophobic properties

Enhanced gloss & shine

Long-lasting durability

Protective layer

Color PPF

Colored PPF offers both protection and style for your car. Made from high-quality materials like polyurethane and thermoplastic urethane, it provides durability and resistance to damage, just like clear PPF.
